SUMMARY

Passionate Computer Engineering student with hands-on experience in Android app development and Web development. Proficient in Java, Python, and SQL, with a solid understanding of data structures and algorithms. Eager to apply problem-solving skills and creative thinking to build real-world software solutions.

EXPERIENCE

Data Analytics Intern

Jul '25 — Jul '25

CSRBOX

- Completed a 15-day online summer internship in Data Analytics organized by CSRBOX in collaboration with IBM SkillsBuild from July 2 to July 16.
- Explored the fundamentals of data analytics and gained practical experience in data cleaning and transformation using Excel, and data visualization using Tableau.
- Developed interactive charts and dashboards to interpret and present data insights effectively, while working with real-world datasets to enhance understanding of core data analysis concepts and support decision-making strategies.
- Gained hands-on experience with industry-relevant practices and strengthened problem-solving skills using data-driven approaches.

EDUCATION

Bachelor in Computer Engineering, Government Engineering College, Rajkot (GPA: 8.07)

Aug '23 — Jun '26

Diploma in Computer Engineering, A. V. Parekh Technical Institute, Rajkot (GPA: 8.92)

Aug '20 — Jun '23

Standard - 10th(SSC), Saint Gargy Vidhya Sankul, Rajkot (GPA: 80)

May '19 — Jun '20

TECHNICAL SKILLS

Programming Languages : C/C++, Java, Python, .NET, Kotlin

Web Development : HTML, CSS, Bootstrap, JavaScript, PHP

Database Management : MYSQL, SQL Server, Firebase

Software Development : Android Studio, Visual Studio

Version Control & Data Analysis : Git & GitHub, Excel, Tableau

PROJECTS

Daily Meal App [Link](#)

- Developed a smart android app for easy daily food ordering with meal subscriptions, on-demand orders, user management, and real-time Firebase integration.
- Tech Stack: XML, Java, Firebase Firestore Database, Firebase Email/Password Authentication

Notes App [Link](#)

- Developed an android notes app with CRUD operations, pin/unpin features, and real-time timestamps using RoomDB.
- Tech Stack: XML, Java, Room Database

Weather App [Link](#)

- Developed an android weather app that shows real-time temperature, humidity, wind speed, sunrise/sunset, and sea level, with dynamic backgrounds and icons based on weather conditions.
- Tech Stack: XML, Kotlin, API(Open Weather)

Phonebook Web-App [Link](#)

- Developed a secure Contact Management System with user authentication, session management, and CRUD operations to add, view, update, and delete contacts.
- Tech Stack: HTML, Bootstrap, Servlet, JSP, MySQL
